

REDEVELOPMENT ANNOUNCEMENT

On behalf of Dale Cottages Board of Directors and CEO

We are very happy to announce that approvals have been received for the building of a new High Care facility at Dale Cottages Inc. The new building will be built along the front of Hobbs Drive, between Church Avenue and Coombe Avenue.

Construction is planned to be completed by late 2022 and our new facility will offer 112 High Care Residential Beds to Armadale and surrounding communities. Demolition is now underway and building is due to commence in a matter of months.

Dale Cottages is proud to be a leading service provider of Aged Care Services and this will be a wonderful addition to the services available in the South East Metropolitan district.

For further information on this exciting project, please contact us to discuss.
